### NURTURING EARLY YEARS PRESCHOOL AND NURSERY PROGRAM

#### ART+ Program - Ages 2<sup>1/2</sup>-5 Years Old

The Art+ is a play & art based learning space. We pride ourselves on a small ratio of students to teachers who facilitate learning in a fun, loving and gentle environment. The key to discovering hidden talents in children is to allow them to teach us how they are learning by exploring within age appropriate boundaries. Children will experience play and create with limitless imagination.

Mornings, children explore the outdoor learning space later coming indoors to investigate learning and sensory stations around the classroom. Here they are encouraged to be independent thinkers and learners and to achieve great satisfaction in art-based activities that are infused with the building blocks of learning. Children are encouraged to gain fulfillment with open-ended activities and to explore the endless possibilities of learning.

Afternoons, students come in for quiet time which leads into collaborative activities promoting togetherness as a group and in the community. Children are encouraged to think of themselves as part of a whole and to support each other whilst making a difference in a small way in the community.
